Abstract:
People migration is a physical movement from one place to another place. It may be one country to another country or one state to another state. One country to another country migration is called External Migration. One state to another state or one place to another place is called Internal Migration. These migrations may have following reasons such as economical reasons, political reasons, social reasons or environmental reasons. These migrated peoples may have problems like monetary and non–monetary reasons like low wages, discrimination, bulling etc. after the migration. This paper speaks about the different problems faced by the migrated workers in garment industry, Tirupur.

Key words: Problems of Migrated Workers, discrimination, monetary problems, non-monetary problems and internal & external migration
